2009 MULE 610 4x4 UTILITY VEHICLE

A centrally positioned gearshift and selectable 4-wheel drive lever give the MULE™ 610 4x4 utility vehicle a pickup truck feel.

Easy access underhood storage gives you more space to store your essentials.

The engine features larger intake and exhaust valves, and a higher compression ratio for extra pulling power in 4WD.

MULE™

Kawasaki
Let the good times roll.

You've never seen tractors like these before!

Our M40 Series tractors will make your tough day seem a whole lot easier. Combine that with our legendary Kubota diesel engine and our synchronized transmission and you've got one powerful performer.

M5040/M6040/M7040 M8540/M9540

The last tractor you may ever need.

That's not just a big claim. It's big news. Our new Massey Ferguson® 5475 and 5480 models now expand our range to 115 PTO horsepower and are designed to outwork other mid-range tractors with more muscle and one of the highest lift capacities in their class. New generation Tier III Perkins® and SisuDiesel™ engines burn cleaner and smarter for greater fuel efficiency while the standard Dyna-4™ 16-speed transmission lets you power shift, declutch and shuttle forward and reverse – all using only your left hand. Big claims. Big news. Big opportunity. For more information see your Massey Ferguson dealer or visit www.masseyferguson.com.

Models*	Engine	Displacement	Horsepower
5435 Tier II	Perkins 1104	268 (4.4)	60 PTO hp (45 kW)
5445 Tier III	Perkins 1104	269 (4.4)	75 PTO hp (56 kW)
5455 Tier III	Perkins 1104	269 (4.4)	85 PTO hp (63 kW)
5460 Tier III	Perkins 1104	269 (4.4)	95 PTO hp (71 kW)
5465 Tier III	Perkins 1106	402 (6.6)	100 PTO hp (75 kW)
5470 Tier III	SisuDiesel 44CTA	269 (4.4)	105 PTO hp (78 kW)
5475 Tier III	Perkins 1106	402 (6.6)	110 PTO hp (82 kW)
5480 Tier III	SisuDiesel 49CTA	4.9 (299)	115 PTO hp (86 kW)

* Tier III engines will be available immediately on all but the Model 5435 and Model 5445, which will be updated in the 3rd quarter this year

THE BEST OF EVERYTHING

MAXXUM SERIES TRACTORS

Maxxum® Series tractors combine efficient power with operator convenience to handle the large workload and multiple tasks of livestock operations, row-crop applications, and roadside mowing. The new expanded Maxxum line-up includes eight models ranging from 90 to 120 PTO hp (67 to 90 kW). Three economical Maxxum models are built for added value, and the five Maxxum PRO models include deluxe features as standard equipment. Choose bar axles to make your Maxxum tractor ideal for row-crop work, or flange axles for general-purpose tasks and loader chores. **CASE IH. FOR THOSE WHO DEMAND MORE.™**

**Introducing The Brute!**

With almost 6 tons of steel and a 20' box, 'The Brute' has the strength and capacity you are looking for. The unique 3 piece "laminated frame" is low profile yet extremely strong and flexible. The standard 16 ply 600/22.5 tires are rated for the higher speeds of today's modern tractors. Whether hauling silage to the bunker, grain to the elevator or stock piling manure, 'The Brute' is the machine worth checking out.

Call today for more details.
